

Our most rugged and powerful Tiny desktops yet

The toughest design in its class combined with performance primed for business

Our 3rd Generation ThinkCentre® Tiny desktops are built to last anywhere, now passing 8 US Military Environmental Specs (MIL-SPEC) on every model. The ThinkCentre® Dust Shield, a unique Lenovo™ solution, also reduces dust intake by almost 40%¹ extending the system life and reducing system maintenance. The compact desktops further more pack a powerful punch - up to the latest 6th Generation Intel® Core™ i processor and optional PCIe SSD² storage will deliver a turbo boost to your productivity while remaining as versatile as ever – a range of accessories enables you to virtually deploy Tiny anywhere and with ThinkCentre® Tiny-in-One you can even build your own PC.

WHY YOU SHOULD BUY THE LENOVO™ THINKCENTRE® M900/M700/M600 TINY

Ruggedly durable

Tested to MIL-SPEC, the whole Tiny family are powerful desktops ready to handle even mission critical tasks. What's more, the ThinkCentre® Dust Shield is an easily removable and washable filter reducing dust intake by almost 40%¹.

Boosts performance

Offering up to the latest generation Intel® Core™ i processor, and PCIe SSD² storage which delivers a turbo boost to productivity versus traditional SSDs.

Deploys anywhere

Deploy it even in the tiniest spaces, and even transform Tiny into a modular and extremely easy to deploy All-in-One with the ThinkCentre® Tiny-in-One.

Makes management easy

Delivering enterprise grade manageability with Intel® vPro™ and Intel® Stable Image Platform Program² for a smooth transition between platforms.

THE LENOVO™ THINKCENTRE® M900/M700/M600 TINY IS BEST SUITED FOR

1

Businesses looking for powerful performance and enterprise-grade manageability.

2

Businesses looking for mission critical reliability, and improved performance in dusty environments.

3

Businesses looking for a solution that is compact, versatile and can be deployed anywhere.

WHAT'S IN A THINKCENTRE®

①

Lowest failure rates in the industry³

②

The highest % of recycled materials

③

Intelligent Cooling Engine (ICE)

④

US MIL-STD 810-G tested

⑤

Gold plated pins⁴ for signal quality

¹ Testing simulated 3 year usage in an end-user environment using 400 g of free-settling dust. The test compared the amount of dust accumulated inside a ThinkCentre® Tiny with a dust filter and a ThinkCentre® Tiny without.

² M900 Tiny only.

³ TBR Large Enterprise Repair Rate Study 2011.

⁴ CPU Socket is not included.

RECOMMENDED SERVICES

Lenovo™ offers a comprehensive portfolio of services to support and protect your ThinkCentre® investment. Succeed with substance and let Lenovo's Service support you all the way.

PRIORITY TECHNICAL SUPPORT⁹

Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking and escalation management services.

WARRANTY UPGRADES - ON-SITE AND NEXT BUSINESS DAY

Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business.

WARRANTY EXTENSIONS (1 TO 5 YEARS TOTAL DURATION)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and lower the cost of ownership over time.

ACCIDENTAL DAMAGE PROTECTION

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

KEEP YOUR DRIVE

Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure.

ASSET TAGGING

Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.
